

Active People's Survey 2

|What is the active people survey?

Active People has been positively received by Sport England's key partners and many other national, regional and local partners. It has provided Sport England with a baseline of participation and helped establish a strong understanding of participation in sport and active recreation - nationally, regionally and locally.

Due to the overwhelming success of the 2005/6 Active People Survey, (Active People Survey 1) the survey has been repeated. In line with Active People Survey 1, interviewing for the 2007/8 Active People Survey (Active People Survey 2) started on 15 October 2007 and was completed on 14 October 2008.

Demographics

NS-SEC is the National Statistics Socio-economic Classification. It is derived by combining information on occupation and employment status. NS-SEC: 1. Higher managerial and professional occupations; 2. Lower managerial and professional occupations; 3. Intermediate occupations; 4. Small employers and own account workers; 5. Lower supervisory and technical occupations; 6. Semi-routine occupations; 7. Routine occupations; 8. Never worked and long-term unemployed; 9. Full time students and Occupations not stated or inadequately described.

Disability is defined by how the question is asked within the survey which is consistent with the 2001 Census definition: 'do you have a longstanding illness, disability or infirmity? By longstanding I mean anything that has troubled you over a long period of time or that is likely to affect you over a period of time?'

Other demographics e.g. ethnicity and smaller age bands are not shown due to insufficient sample sizes.
