Coach required for 'Back to Netball' Sessions

Warwickshire County Netball Association is looking for an enthusiastic netball coach to organise and deliver quality Back to Netball sessions within Warwickshire. Back to Netball is a great way for women aged 16 years and older who would like to play netball for the first time, or have stopped playing and would like to start again.

Working in conjunction with local council authorities, you will organise and deliver three sessions a week, on a quarterly basis, in different local authority areas. We would like you to build a rapport with players attending the sessions, so we would be looking for a minimum 12 month commitment and for you to be available five hours a week. We anticipate that the hours will be a mix of daytime and evening hours. This project is supported by England Netball.

You must have:

- A current Level 2 netball coaching qualification or be actively working towards the current level 2 qualification
- Experience of coaching adults
- Current enhanced EN CRB
- England Netball membership
- First Aid certificate (less than 3 years old)
- Valid driving licence and access to a suitable vehicle for business use as the post will involve travelling

This is a paid coaching opportunity for a self-employed coach for 5 hours per week at £15 per hour.

If you are interested in this coaching opportunity please download an information pack from the Warwickshire Netball website (www.warwickshirenetball.co.uk) or West Midlands Netball website (www.westmidlandsnetball.co.uk)

Deadline for submission of expressions of interest and CV's is **Thursday 9th February, 9am**

Applicants meeting the essential requirements will be invited to an assessment evening on Wednesday 15th February 2012. This will include a practical coaching session.

For further information or an informal discussion please contact Liz Smith, Warwickshire Netball Development Officer at liz.smith@englandnetball.co.uk or 0754 012 6815
